

## Dr April Wong

### Clinical Consultant - Surgeon

MB ChB  
MS  
FRACS

Dr April Wong is a specialist breast and melanoma surgeon who joined the Sydney Breast Clinic team as a clinical consultant in 2016.

She graduated in medicine from the University of Otago, New Zealand, and obtained a Master of Surgery from the University of Sydney in 2010 and Fellowship of General Surgery (FRACS) in 2012.

She has a keen interest in breast disease management and has undertaken two years of breast and oncoplastic training in Australia, New Zealand and the UK.

She is an active researcher and has received numerous awards and research grants; she has been a speaker at medical meetings and has published in her field.

She is currently leading a study entitled 'Quality of life study of immediate and delayed breast reconstruction in women undergoing mastectomy and adjuvant radiotherapy for breast cancer' through the Poche Centre and Waikato Hospital.
